

AUGER BITS

ARCED CUTTING EDGE | COATED FLUTING | QUICK, PRECISE CUTTING

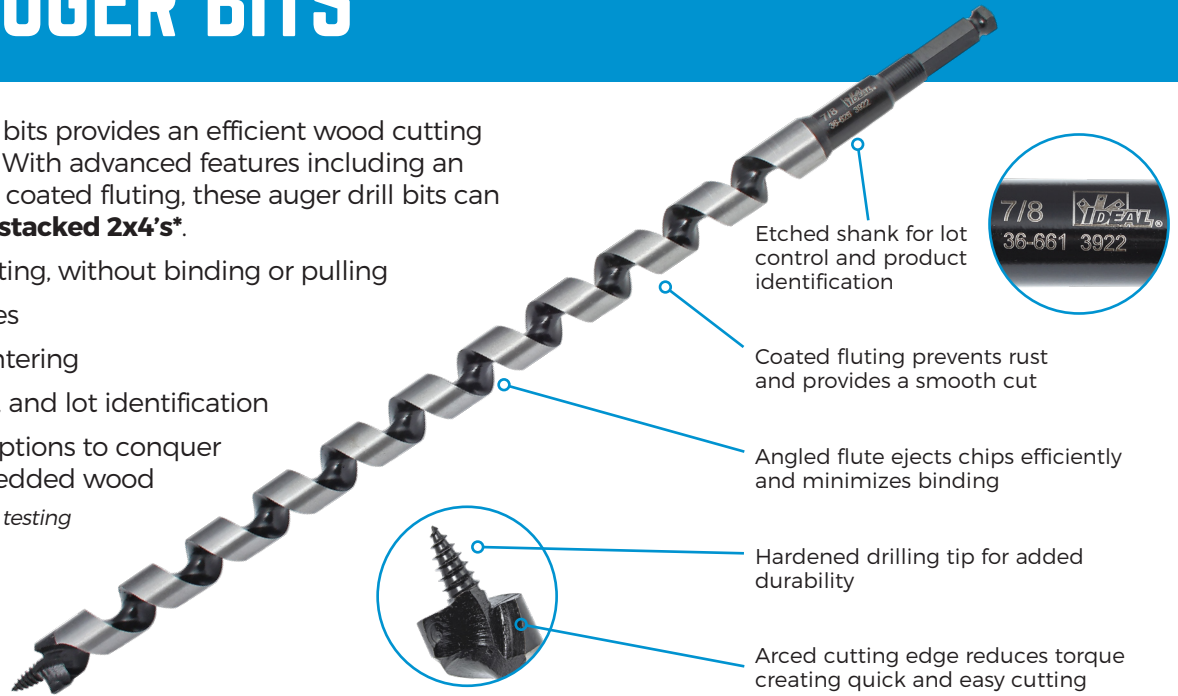

THE ELECTRICIAN'S
CHAMPION™ 

IDEAL[®] AUGER BITS

The IDEAL line of auger bits provides an efficient wood cutting solution for electricians. With advanced features including an arced cutting edge and coated fluting, these auger drill bits can cut through up to **nine stacked 2x4's***.

- Quick and smooth cutting, without binding or pulling
- Resistance to nail strikes
- Clean cut without splintering
- Easy part number, size, and lot identification
- Single and dual flute options to conquer wet, dry, and nail embedded wood

*18" version, based on internal testing
