ERGO-ELITE STRIPMASTER® WIRE STRIPPER

IDEAL has set the aviation industry's standard in hand-held, precision wire stripping for over 70 years. IDEAL is known for its innovative one-step squeeze-action stripper and patented blade design.

The Ergo-Elite Stripmaster® Wire Stripper offers the latest light-weight, ergonomically engineered wire stripper for the aerospace industry. The tilted stripping head in this sleek 5 oz. design provides better leverage and clear view for wire positioning. The advanced jaw position ensures a quality strip, eliminates potential scraping of the inner conductor, while leaving squared shoulders on a wide range of wire gauges.

Call IDEAL to coordinate your Ergo-Elite Stripmaster® blade tool configuration to meet your specific application needs at 800-324-9571.

Tilted strip head assembly

One size only universal wire gripping pad, covers wire ranges from 10-26 gauge

Ergonomic frame design greatly reduces risk of repetitive motion disorders

Advanced blade design acts as a wire guide system, resulting in consistent quality strips

Blade compartment door swivels for quick blade changeover reducing down time and increasing productivity

Balanced, lightweight frame (only 5 oz. total weight)

Comfort grip handles designed to give better leverage and reduce pressure point distress

Smaller handle span for better overall balance and control

Patented two-piece constructed blades meet Military Stripping Specifications. An outer counter-bore hole is sized to the insulation outside diameter while the inner cutting hole cuts through the insulation assuring nick-free wire stripping time after time.

- Squared shoulders at insulation cut
- Aggressive blade design for minimal tool stress and grip force
- Advanced cutting hole design with blade holes tangent to stationary gripper surface
- Stainless steel construction

Call IDEAL to coordinate your Ergo-Elite Stripmaster® blade tool configuration to meet your specific application needs at 800-324-9571.
