

CAT5e Keystone 8P8C Modular Data Jack

Keystone sized modular jacks for faceplate or data rack installations. Available in multiple colors for system coding. Designed for 1 Gigabit data installations including Ethernet operating at 100MHz (CAT5e specifications).

- 90° 110 IDC tower punchdown design for use with a standard punchdown tool
 - Circuit board construction reduces crosstalk and provides consistent performance
 - 50µ gold plated jack contacts to minimize pin wear
 - IDC towers feature angled tips to separate wires faster
 - 568A and 568B wiring legend marked on sides of block for easier slot identification
 - 9 colors are available, dust cap included
 - Fits most cables with 24 AWG solid/stranded conductors
 - Recommended IDEAL punchdown tool: 35-485
- 1 connector per package:

| Part No. | Color |
|----------|--------|
| 89-750WH | White |
| 89-750BU | Blue |
| 89-750OR | Orange |
| 89-750BK | Black |
| 89-750RD | Red |
| 89-750GN | Green |
| 89-750YL | Yellow |
| 89-750IV | Ivory |
| 89-750GY | Grey |
