Installation Products

S-CLASS®

- S-Class® fiberglass core for excellent strength and pushing power
- Machined metal eyelets or Gold-Fish flexible leader options available on all lengths
- Smooth nylon jacket protects fiberglass and provides a low-friction surface for navigating bends
- Round shape provides omni-directional pushing through tough bends
- Pulling strength: 500 lbs.

Length (ft.)	End Type	Part No.
100	Leader	31-061
100	Metal Eyelet	31-063
200	Leader	31-064
200	Metal Eyelet	31-065

E-CLASS™

- E-Class™ fiberglass core for great strength and pushing power
- Non-conductive up to 1000V* designed for use around existing circuits
- Glow in the Dark eyelet for greater visibility and ease of use in dark areas
- Smooth nylon jacket protects fiberglass and provides a low-friction surface for navigating bends
- Round shape provides omni-directional pushing through tough bends
- Pulling strength: 350 lbs.

Length (ft.)	Part No.
100	31-046
200	31-048

HELIX™

- Helix™ triple strand braided fish tape for high flexibility
- Non-conductive up to 1000V* designed for use around existing circuits
- Triple strand braided construction creates a balance between column strength and flexibility
- Ridges on the exterior of the tape minimize friction in conduit
- Great for use on short, complex runs
- Pull strength: 200 lbs.

Length (ft.)	Part No.
50	31-075
100	31-076
200	31-077
