

33-793 OmniSeal™ PRO XL Compression Hip Kit

Our Pro grade, tool-only solution for coax compression. Includes tools to cut, strip, and compress IDEAL and other standard 1/4" x 1/4" compression connectors. Custom molded pouch with belt clip helps keep tools together and prevents misplacement of individual tools.

- 3 tools plus pouch to cut, strip, and compress all IDEAL compression connectors. (separate stripper needed for RG-11)
- OmniSeal™ PRO XL permanently compresses F/BNC/RCA/RG-11 F/ Mini/ and 90° connectors
- No adapters are required for IDEAL connectors
- No tool adjustments required for IDEAL connectors (except 90°)
- Tool comes factory preset to compress IDEAL F/BNC/RCA/RG-11 F connectors
- PrepPRO® coax stripper provides a 1/4" x 1/4" standard preparation for all IDEAL RG59/59Q/59 Plenum/59Q Plenum, 6/6Q/6 Plenum and 6Q Plenum connectors
- Data T®-Cutter is a compact stamped steel cable cutter and cuts through all above coax including cutting RG-11.
- Kit includes: 45-605 PrepPRO®, 30-793 OmniSeal™ PRO XL, 45-074 Data T®-Cutter and pouch
- Manufactured in Sycamore, IL
